

Northwind Robotics Limited Warranty

This warranty covers manufacturing defects in Northwind robot arms, mobile bases and end effectors. Coverage starts on the delivery date shown on the commercial invoice.

Coverage periods

Desktop and collaborative arms: 2 years. Industrial arms (Titan series): 3 years. Mobile bases: 2 years. Accessories and end effectors: 1 year. Extended coverage of up to 5 years can be purchased within 90 days of delivery.

Exclusions

The warranty does not cover damage caused by operation outside the rated payload, unauthorised firmware, liquid ingress, or use in explosive atmospheres. Consumables such as gripper pads and cables are excluded.

Claims

To make a claim, open a ticket at support.northwind.example quoting the serial number. Northwind will respond within 2 business days and ship replacement parts within 10 business days for in-stock items.
